Nestled in the heart of Whitman, Massachusetts, the Toll House Inn welcomed weary travelers with its warm hospitality and delectable home-cooked meals. It was within these cozy walls that Ruth Graves Wakefield inadvertently created a culinary masterpiece that would forever change the world of desserts: the Toll House cookie.

In 1930, as Ruth experimented with a chocolate chip cookie recipe, she ran out of baker's chocolate. Undeterred, she broke up a semi-sweet chocolate bar into small pieces and added them to the batter. The result was a revelation: crispy on the outside, chewy on the inside, with pockets of melted chocolate that burst with flavor in every bite.

The Toll House cookies quickly became a hit with guests at the inn, and word of their irresistible taste spread like wildfire. In 1939, Ruth partnered with Andrew Nestle, the founder of Nestle Toll House, to market the cookies on a larger scale. The rest, as they say, is history.
