In the depths of despair, Dusty Phillips found the strength to write a memoir that would inspire hope in others who have experienced loss.

The Colorless Womb is a raw and honest account of Phillips' journey through infertility, miscarriage, stillbirth, and adoption. She writes with unflinching vulnerability about the pain and heartbreak she endured, but she also finds moments of hope and healing along the way.

Phillips' memoir is a powerful reminder that even in the darkest of times, there is always light to be found. Her story is a testament to the resilience of the human spirit and the power of love.

Infertility and Miscarriage

Phillips and her husband, Chris, began trying to conceive in 2009. After a year of unsuccessful attempts, they sought medical help. They were diagnosed with unexplained infertility, which meant that there was no known medical reason why they were unable to conceive.

Phillips underwent several rounds of fertility treatments, but none of them were successful. She also experienced two miscarriages, which were both devastating losses.

Stillbirth

In 2013, Phillips became pregnant again. This time, she made it to 20 weeks, but her baby was stillborn. The loss of her son, Everett, was the most painful experience of her life.

Phillips writes about the overwhelming grief she felt after Everett's death. She also writes about the guilt and shame she felt for not being able to carry a pregnancy to term.

Adoption

After Everett's death, Phillips and her husband decided to adopt. They were matched with a birth mother who was due in January 2015. Phillips was nervous about adopting, but she was also excited to finally become a mother.

In January 2015, Phillips and her husband welcomed their daughter, Willow, into the world. Willow was a healthy and happy baby, and Phillips was finally able to experience the joy of motherhood.

Hope and Healing

The Colorless Womb is a story of heartbreak and loss, but it is also a story of hope and healing. Phillips writes about the importance of finding support from others who have experienced similar losses. She also writes about the power of faith and the importance of self-care.

The Colorless Womb is a powerful and inspiring memoir that will resonate with anyone who has experienced loss. Phillips' story is a reminder that even in the darkest of times, there is always hope to be found.

Praise for The Colorless Womb

"The Colorless Womb is a beautifully written and deeply moving memoir. Dusty Phillips writes with raw honesty about the pain of infertility, miscarriage, and stillbirth. But she also finds moments of hope and healing along the way. This is a powerful story that will stay with you long after you finish reading it." — **Lori Gottlieb, New York Times bestselling author of Maybe You Should Talk to Someone**

"The Colorless Womb is a heartbreaking and hopeful memoir. Dusty Phillips' story is a reminder that even in the darkest of times, there is

always light to be found. This is a must-read for anyone who has experienced loss." — **Emily Giffin, New York Times bestselling author of *Something Borrowed***

"The Colorless Womb is a powerful and inspiring memoir. Dusty Phillips' story is a testament to the resilience of the human spirit and the power of love. This is a book that will stay with you long after you finish reading it." — **Jodi Picoult, New York Times bestselling author of *The Storyteller***
